

LI-TIAN LIGHTING

SUNFLOWERS
UNIVERSAL ATTRACTION

EVERYWHERE YOU NEED TO BE

SunFlowers blurs the lines between outdoor and indoor luminaires. A curb to cube family approach puts the focus on a variety of mounting options to cover a range of exterior and interior lighting needs. From roadways to pathways, public parks to university campuses, parking lots to lobbies, Sunflower has you covered. Mix and match lighting requirements with a consistent design aesthetic – outdoors and in.

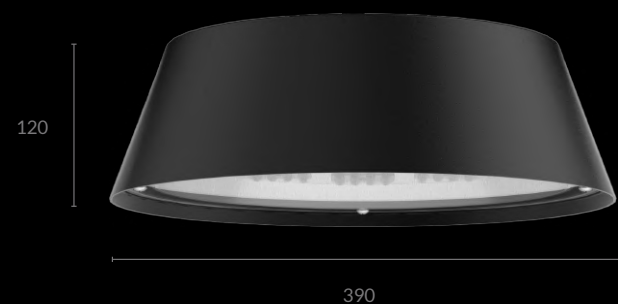

LI-TIAN LIGHTING

BLEND IN – STAND OUT

Sunflower's soft, curved lines are clean, elegant, timeless. The classic, geometric form is shaped for design for a variety of mounting options across limitless exterior and interior applications. With no visible screws or bolts, its charm lies in its simple sophistication, blending in while adding a presence.

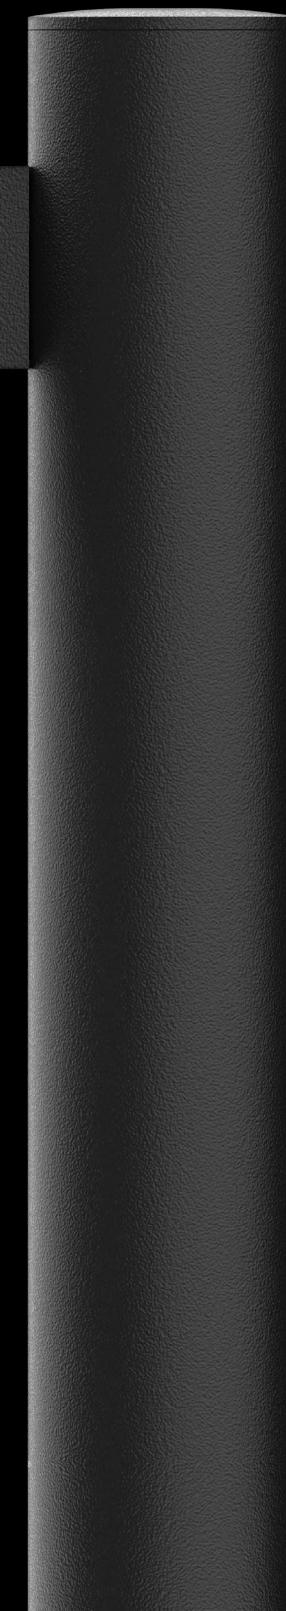

Classic geometric form
shaped for design intent

Slim minimalism arm
for easy installation

Ø60-150mm pole

Depth & volume of internal
reflector ensures space for
internal components with
ease of access for
maintenance

Die cast aluminum body,
integrated heat dissipation,
ensuring durability

ICONIC BY DESIGN

Sunflowers beveled silhouette has broad appeal and is right at home in public spaces. Choose glare-managing comfort optics for exterior applications when pedestrian needs are the priority, or to ensure occupant comfort in interior spaces. A high-output option is available for enhanced street and area illumination.

VISUAL COMFORT

Up to 5,604 lumens
2700K, 3000K, 3500K, 4000K, 5000K
Soft and inviting illumination with smooth transition
Visual comfort for indoor or outdoor applications

The lamp can be vertically adjusted $\pm 30^\circ$

PERFORMANCE OPTIC

Up to 170lm/w lumens
2700K, 3000K, 3500K, 4000K, 5000K
Distribution type: II, III, IV, V High performance

STREET SMARTS

Sunflower’s performance optics enhance visibility and reduce dark zones. Delivering up to 18,442 lumens, in a slick, street-savvy design, Clermont’s street and area lighting makes its presence felt in public spaces, sidewalks, parking lots, or outdoor plazas.

ADVANCED PERFORMANCE

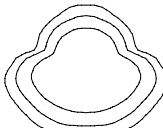

Sunflower’s advanced performance optical system features high performance micro-optics organized to create a uniformly illuminated surface. With four standard IES distribution types, Clermont’s performance optics direct precise light exactly where required.

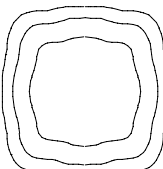

TYPE II

TYPE III

TYPE IV

TYPE V

AN INVITATION INDOORS

Carrying the design aesthetic indoors, Sunflower luminaires beckon everyone to come inside, whether it's a reception area, hotel lobby, or office. The inviting illumination envelops, transforming big spaces with a welcoming ambiance that encourages people to connect.

MOUNTING OPTIONS

Sunflower offers the complete family approach and puts the focus on a vast variety of mounting options offered in both visual comfort and performance optics. Select the combination that best meets your exterior or interior needs.
